## Positive Parenting Pledge 2008

Together, we can prevent child abuse and neglect in our community. Every child deserves to be raised in a healthy, safe, and nurturing environment.

I pledge:

- To provide a healthy, safe, and nurturing environment for my child.
- To make time to talk with my child and reinforce that I care about him and am interested in his ideas and experiences.
- To use positive statements and praise my child's behavior.
- To use positive methods of problem solving, realizing the violence at any level is not an acceptable form of dealing with problems and issues.
- To show my love for my child with daily hugs and affection.

Print Name: \_\_\_\_\_

\_\_\_\_\_ I do not currently care for children but I have signed this pledge in my role as a parent to society's children.
